

Suffolk County Fire and EMS 2024 Census

The Suffolk County Volunteer Recruitment and Retention Committee is asking for your help!

Your participation is crucial in ensuring the success of the Suffolk County Volunteer Recruitment and Retention Committee's efforts. As we embark on another round of data collection, we urge you to recognize the vital role your agency plays in shaping the future of volunteer firefighting and emergency medical services in our community.

The data you provide is not just a statistic; it's the cornerstone of our planning and grant application process. Without accurate information from local agencies like yours, our ability to secure essential funding through programs like the SAFER Grant is severely hindered.

Your cooperation is paramount. By consistently supplying accurate numbers from your agency, you directly contribute to the sustainability and growth of our volunteer firefighting and emergency medical service force. Moreover, your members' participation in the SERVES Program is contingent upon fulfilling this requirement.

We understand the demands on your time, but we kindly request your prompt attention to this matter. Please complete the online survey by March 1, 2024. Your contribution will make a significant impact on the safety and well-being of our community.

Thank you for your dedication and commitment to serving Suffolk County.
